World Fuel Services Welcomes B. Coleman Aviation, Best Kept Secret to Quick Chicago Access

August 6, 2020– HOUSTON – World Fuel Services (World Fuel) announced they will be supplying B. Coleman Aviation (KGYG), the go-to location for safe, quick, and efficient access to the Chicago area. As a business aviation focused facility, B. Coleman Aviation serves as an alternative to the congested, commercial, class B airspace of Chicago Midway International Airport, O’Hare International Airport and Chicago Executive Airport. Based out of Gary/Chicago International Airport, B. Coleman Aviation is independently owned and is a full-service Fixed Base Operator (FBO) that is only a 35-minute drive from the loop and metro area.

B. Coleman Aviation’s modern facility has a unique ramp-side canopy that protects passengers and aircraft from the elements and is large enough to house a Bombardier Global Express and a Gulfstream G550. Whether aircraft needs to be protected from summer heat and hail or winter weather, B. Coleman Aviation’s hangar space is a superior option year-round. Military, corporate or general aviation aircrafts are easily accommodated in B. Coleman Aviation’s hangar space and can expect to save when comparing hangar rental prices to those at nearby facilities. The facility also includes WiFi, a surround sound theater with a 105-inch screen, conference rooms, a cafe with complimentary beverages, a premier pilots lounge, fitness room and shower facilities.

Chris Kozicki, Vice President: B. Coleman Aviation: “Our facility provides the best access to Downtown Chicago, with competitive pricing on hangar space and amenities that fit your needs. You can expect safer approaches, less air traffic and relief from the city’s overhead costs at B. Coleman Aviation.”

Steve Drzymalla, World Fuel’s Senior VP for Business Aviation Bulk Fuel: “We are delighted to welcome B. Coleman Aviation to the World Fuel Network. This is another key World Fuel Services supplied location where network members can expect top notch service that is undeterred by the hustle and bustle of nearby facilities.”

As a member of the World Fuel Network, B. Coleman Aviation now has new payment options and a new loyalty offer with World Fuel Contract card, AVCARD® by World Fuel and World Fuel Rewards. Customers can save even more by utilizing AVCARD to pay for services including B. Coleman Aviation’s competitive hangar fees.

About B. Coleman Aviation, LLC

B. Coleman Aviation, LLC is a full service FBO at the Gary/Chicago Airport (KGYG). This location offers aviation fuels, multiple hangar options, aircraft maintenance, aircraft management and charter services. Coleman Jet, LLC, a Part 135 Operator, provides premium aircraft management services and charter operations with their diverse fleet of aircraft. B. Coleman's affiliated aircraft maintenance operation, Infinity Aircraft Service, LLC (a Part 145 MRO), provides aircraft maintenance and repairs at KPBI, KGYG and other AOG locations. B. Coleman Aviation and its affiliates are committed to safety and an exceptional customer experience and are inspired by the pioneer aviator and visionary, Bessie Coleman, who's legacy they honor through exceptional services.
