**World Fuel Services Welcomes Galaxy FBO's Newest Location
to the World Fuel Network**

August 7, 2020 – Houston – World Fuel Services announced a new supplied location, Galaxy FBO (KHOU), to the World Fuel Network. This corporate and general aviation facility at the Houston William P. Hobby Airport is the second Galaxy FBO location to join the World Fuel Network.

Galaxy FBO opened its newest facility in the south section of Houston's Hobby Airport. Only 30 minutes from Downtown Houston, their newest state-of-the-art facility boasts two 38,000 square-foot hangars with 28' height and 245' width door clearance that provides adequate space for aircraft storage. Pilot and VIP lounges are available on the first floor of the two-story 23,000 square-foot building. Additional parking, storage and office space adjacent to the hangars is also available for lease to prospected aviation-related tenants.

Tony Wright, General Manager, Galaxy FBO: "The new facility will provide visitors with an impressive gateway to Houston, and a great experience for the flight crew."

Steve Drzymalla, World Fuel's Senior VP for Business Aviation Bulk Fuel: "We are honored to partner with Galaxy FBO with their newest facility opening in Houston. Their operational expertise, dedicated customer service and world-class facilities create a premium experience for anyone flying to Houston."

As a member of the World Fuel Network, Galaxy FBO now offers customers new payment flexibility with World Fuel Contract card and AVCARD® by World Fuel. Galaxy FBO can further reward customers for their loyalty using their bank of World Fuel Rewards points.

Galaxy FBO operates three locations within the Greater Houston area including the exclusive Heliport at 1TE2 in The Woodlands, their newest location in Houston and a facility at the Conroe North Houston Regional Airport. Their state-of-the-art facility at KCXO is a member of the Air Elite Network and features world-class amenities including U.S. Customs, on-site restaurant and an arrival/departure canopy large enough to accommodate even the largest business jet.
