

Dear Sir,

Please note that due to the COVID crisis, Reunion island borders are still closed to EU and non-EU countries. A procedure has been established: all request from flight to/from Reunion Island (Medevac as well) must be sent to SA ARRG that coordinates request with the dedicated authorities.

Each passenger may have imperious reason to travel to/from FMEE.

It is the responsibility of the airport operator or carrier to give a full list of passengers and the purpose of the flight with supporting documents that allow them to entry the territory.

Please find below a complete table that must be sent back

NOM Name	PRENOM First Name	NE LE Birth day	NATIONALITE Nationality	N° PASSEPORT Passport number	Familial / Professionnel / santé / Autre	MAIL PAX
					MOTIF IMPERIEUX Imperious reason	

Please note that your request cannot be examined if we do not receive supporting documents that may be sent back at least 96 hours before the flight

Documents required for each flight are detailed here after :

- Clear purpose of the flights and more details about planned organisation at FMEE
  - List of passengers : name + date of birth + citizenship + copy of passport
  - The list of crew : name + date of birth + citizenship + passport number( in case of disembarkation or night stop ) note that non Europeans need approval of immigration Authorities
  - The list of crew : name + date of birth + citizenship + passport number( in case of disembarkation or night stop ) note that non Europeans need approval of immigration Authorities
  - **in case of stay in Reunion Island from high risk countries** crew and passengers may have tests as followed :
    - Test is negative and less than 36 hours It is therefore compatible with a landing on Reunion Island.
    - Test is negative for more than 36 hours but less than 72 hours, an additional antigenic test of less than 24 hours is required to be authorized to disembark in Reunion
    - Test is negative but made more than 72 hours (time of arrival in Reunion) They crew and passengers are forbidden to disembark in Reunion.
  - **In case of stay in Reunion Island from others countries** a PCR Test less than 72 hours is required.
- Consequently, only people who fulfill the conditions will be authorized to enter reunion island.
- Imperative reasons are requested for inbound and outbound passengers, a model is available on below link :
