**December 15, 2022– HOUSTON** – World Fuel Services (World Fuel) expands its relationship with Chartright Air Group (Chartright) with the addition of Chartright's facility at Lake Simcoe Regional Airport (CYLS) in Ontario, Canada. This location joins their facility at the Region of Waterloo International Airport (CYKF) as a member of the World Fuel Network.

"Chartright is excited to expand its operations to Lake Simcoe Regional Airport, providing customers a premium experience delivered through a full array of aviation services at our beautiful, fully-equipped FBO facility," says Constantine Tsokas, vice president, Chartright Air Group. "Working with the World Fuel Services Network enables us to enhance our customer's experience by giving them access to the products and programs offered by World Fuel Services."

As a member of the World Fuel Network, flight operators visiting Chartright at Lake Simcoe Regional Airport will benefit from industry-leading products and programs, including World Fuel Contract pricing, AVCARD® by World Fuel acceptance and World Fuel Rewards. This location will also leverage a World Fuel refueling truck equipped with TCS Hub Manager to drive an enhanced user experience for its customers.

“With the addition of Chartright’s Lake Simcoe location, we can better serve our growing customer base in Canada,” says Steve Drzymalla, senior vice president, business aviation bulk fuel sales, World Fuel Services. “Lake Simcoe Regional Airport is one of Canada’s best-positioned airport facilities and is a valuable addition to the network.”

Chartright’s facility at Lake Simcoe Regional Airport is located conveniently between the Greater Toronto Area and Ontario Cottage Country, includes a full Canada Border Service offer and is the only jet fuel provider on the field. This location features passenger and crew lounges, pilot snooze rooms, a meeting room, weather and flight planning facilities and a 34,000-square-foot hangar that can accommodate aircraft up to the size of the Global 7500.
